RE: New List Price Sheet
Effective Date February 1, 2017

As a result of increasing raw material and operating costs, Conduit Pipe Products is announcing a new list price sheet. The new list price sheet, 217, supersedes list price sheet 716 and represents a weighted average increase of 8% for all Conduit Pipe Products material.

List price sheet 217 is effective with all shipments after January 31st. Conduit Pipe Products reserves the right to limit customer orders based on historical sales data. Please advise the Conduit Pipe Products sales department if this policy requires a change to your previously placed orders.

The Conduit Pipe Products list price sheet, 217, may be printed from our web site; www.conduitpipe.com after January 3rd.

On behalf of the Conduit Pipe Products employees, thank you for your continued support and valued business.

Sincerely,

Ellen Robb
Sales Manager
