### PRODUCT SPECIFICATION BULLETIN

### DECLARATION OF CONFORMANCE

#### RoHS 3 and REACH Compliance

#### **RoHS 3**

The steel pipe fittings and steel piping components manufactured by the Phoenix Forge Group conform to EU Directive 2015/863/EU (RoHS 3). Steel pipe fittings and piping components are not considered electrical or electronic equipment. These steel products do not contain the hazardous substances that may be present in electrical or electronic equipment as defined below:

RoHS is an EU directive that specifically applies to the restriction of certain hazardous substances that may be present in electrical and electronic equipment. These hazardous substances are not added by design to our ferrous steel products. The Phoenix Forge Group does not manufacture electrical or electronic equipment containing such hazardous substances.

#### **REACH**

The steel pipe fittings and steel piping components manufactured by the Phoenix Forge Group also conform to EU Directive 1907/2006 (REACH). These steel products comply with the limits, conditions and restrictions of the hazard substances in Annex XVII of the REACH regulations as defined below:

REACH is an EU directive that specifically applies to the restriction of certain hazardous substances that may be present in all products. These hazardous substances are listed in REACH SVHC list of hazardous substances. This EU directive applies to products manufactured or imported (greater than 1 tonne annually) into the EU.

The Phoenix Forge Group does not export into the EU and therefore are not required to register with the European Chemicals Agency (ECHA). However, we have reviewed the formulations of our products and all substances contained in our products are currently in compliance with the current conditions and restrictions of Annex XVII of the REACH regulations.
