UNIFORM STATUTORY DECLARATION FORM FOR THE REGISTRATION OF FITTING DESIGNS

New Brunswick

Nova Scotia

List of supporting documentation and identification of the actual items to be registered: Trans-O-Con Forged Branch Connections catalog, pages 14-19 inclusive. ISO 9001:2015 certificate Trademark and Logo sheet Fritz Engineering Laboratory test report Letter from 1999 regarding T/D ratios Previous CRN approvals Declaration: Kevin Millor	r
Manufacturers Address: 800 Front St., Catasauqua, PA USA 18032 Plant Locations:see attached ISO 9001:2015 cartificate Category of Fittings to be registered. Circle one Category only A Pipe fittings, including couplings, tees, elbows, Ys, plugs, unions, pipe caps, or reducers B Flanques: all franques C Velves; all line valves D Expansion joints, flexible connections, and hose assemblies: all types E Strainers, filters, esparators, and steam traps F Measuring devices, including pressure gauges, level gauges, sight glasses, levels, or pressure transmitters C Certified capacity-rated pressure reflet devices acceptable as primary over pressure protection on bollers, pressure vessels, piping and fuelble plugs N Nuclear components: Class 1 Class 2 Class 3 (Neeting CNSC or ASME requirements) Show Manufacturers Name, Trademark, or Logo as It will appear on the product see attached sheet for trademarks and logos. List of supporting documentation and identification of the actual items to be registered: Trans-O-Con Forged Branch Connections catalog, pages 14-19 inclusive. ISO 9001:2015 certificate Trademark and Logo sheet Fritz Engineering Laboratory test report Letter from 1999 regarding T/D ratios Previous CRN approvals Declaration: [Newh Müber (see note 3) employed by The Phoenix Forge Group and being the person having full at and responsibility for the quality of the end product do solemnly declare that the information contained in this form is true to the wind product of pages and the product for which regularities are event. The disease that the Information contained in this form is true to the wind product of the gauget in the product for which regularities are event. The disease that the Information contained in this form is true to the wind product of the gauget in the product for which regularities to each the Total care and the Information contained in this form is true to the	
Plant Locations;ses attached ISO 9001:2015 certificate Category of Fittings to be registered. Circle one Category only A Pipe fittings, including couplings, tees, elbows, Ys, plugs, unions, pipe caps, or reducers B Flanges; all flanges C Valves; all line valves D Expansion joints, flexible connections, and hose assemblies: all types E Strainers, filters, separators, and steem traps F Measuring devices, including pressure gauges, level gauges, sight glasses, levels, or pressure transmitters C Certified capacity-reled pressure relief devices acceptable as primary over pressure protection on bollers, pressure vessels, piping and fusible plugs H Pressure retelring components that do not fall into one of the above categories N Nuclear components: Class 1 Class 2 Class 3 (Meeting CNSC or ASME requirements) Show Manufacturers Name, Trademark, or Logo as it will appear on the product see attached sheet for trademarks and logos. List of supporting documentation and identification of the actual items to be registered: Trans-O-Con Forged Branch Connections catalog, pages 14-19 inclusive. List of supporting documentation scalable, pages 14-19 inclusive. ISO 9001:2015 certificate Trademark and Logo sheet Fritz Engineering Laboratory test report Letter from 1999 regarding T/D ratios Previous CRN approvals Declaration: Kevin Müber (see note 3) employed by The Phoenix Forge Group and being the person having full at and responsibility for the quality of the end product do solemnly declare that the information contained in this form is true to the	
A Pyten fittings, including couplings, tees, elbows, Ys, plugs, unions, pipe caps, or reducers B Flanges: all fianges C Valves: all line valves D Expansion joints, flexible connections, and hose assemblies: all types E Strainers, filters, separators, and steam traps F Measuring devices, including pressure gauges, level gauges, sight glasses, levels, or pressure ransmitters G Certified capacity-rated pressure relief devices acceptable as primary over pressure protection on bollers, pressure vessels, piping and fuelble plugs H Prassure retaining components that do not fall into one of the above categories N Nuclear components: Class 1 Class 2 Class 3 J, (Meeting CNSC or ASME requirements) Show Manufacturers Name, Trademark, or Logo as it will appear on the product see attached sheet for trademarks and logos. List of supporting documentation and identification of the actual items to be registered: Trans-O-Con Forged Branch Connections catalog, pages 14-19 inclusive. ISO 9001:2015 certificate Trademark and Logo sheet Fritz Engineering Laboratory test report Letter from 1999 regarding T/D ratios Previous CRN approvals Declaration: Kevin Niller (see note 3) employed by The Phoenix Forge Group and being the person having full at and responsibility for the quality of the end product do solemnity declare that the information contained in this form is true to the	
C Valves: all line valves D Expansion joints, flexible connections, and hose assemblies: all types E Strainers, filters, esparators, and steam traps F Measuring devices, including pressure gauges, level gauges, sight glasses, levels, or pressure transmitters transmitters G Certified capacity-reled pressure reflet devices acceptable as primary over pressure protection on bollers, pressure vessels, piping and fuelble plugs H Pressure retaining components that do not fall into one of the above categories N Nuclear components: Class 1 □ Class 2 □ Class 3 □, (Meeting CNSC or ASME requirements) Show Manufacturers Name, Trademark, or Logo as it will appear on the product See attached sheet for trademarks and logos.
