RE: New List Price Sheet
Effective Date August 1, 2025

As a result of the continued increase in operating costs and raw material, Conduit Pipe Products is announcing a new list price sheet. The new list price sheet, 825, is effective August 1, 2025, superseding list price sheet 325 and represents an increase of 9-1/2% for all Conduit Pipe Products material.

List price sheet 825 is effective with all shipments beyond July 31, 2025. Conduit Pipe Products reserves the right to limit customer orders based on historical sales data. Please advise the Conduit Pipe Products sales department if this policy requires a change to your previously placed orders.

The Conduit Pipe Products list price sheet, 825, may be printed from our web site; www.conduitpipe.com after July 11, 2025.

On behalf of the Conduit Pipe Products employees, thank you for your continued support and valued business.

Sincerely,

Gary Yambor
Sales & Marketing Manager

Mike Ross
Sales Manager
