RE: New List Price Sheet
Effective May 9, 2022

As a result of the continued increase in raw material and operating costs, Conduit Pipe Products is announcing a new list price sheet. The new list price sheet, 0522, supersedes list price sheet 0422 and represents an increase of 5% for all items.

List price sheet 0522 is effective with all shipments beyond May 8th. **Conduit Pipe Products reserves the right to limit customer orders based on historical sales data.** Please advise the Conduit Pipe Products sales department if this policy requires a change to your previously placed orders.

The Conduit Pipe Products list price sheet, 0522, may be printed from our web site; www.conduitpipe.com after May 6th.

On behalf of the Conduit Pipe Products employees, thank you for your continued support and valued business.

Sincerely,

Ellen Robb
Sales Manager

Gary Yambor
