PRODUCT SPECIFICATION BULLETIN

CERTIFICATE of COMPLIANCE

LEED COMPLIANCE

LEED compliance requirements apply primarily to products that are made from recycled materials namely paper, wood, and plastic products. Our steel products are made from primarily re-cycled steel scrap thus they qualify as conforming to LEED. Therefore, this letter may be used as certification of LEED compliance for all the steel products produced by Phoenix, Capitol, Camco, CapProducts and Conduit Pipe Products.

We further certify that these products are produced in accordance with the Capitol Manufacturing ISO 9001:2015 Certified Quality System Program. These products were not exposed to mercury or any other metal alloy that is liquid at ambient temperatures during processing or while in our possession.

Bulletin: B-09.00 Rev. 1 Date: 10/12/22 Approved: J. Nickel Title: Technical Services Engr.

CAPITOL
manufacturing
Crowley, LA, USA
