PRODUCT SPECIFICATION BULLETIN

CERTIFICATE of COMPLIANCE

SIPHONS – STAINLESS STEEL ASTM A312 WELDED and SEAMLESS

We hereby certify that the stainless steel siphons manufactured by Capitol Manufacturing conform to the chemical and physical requirements of the latest edition of ASTM/ASME A312/SA312 Type 304/L and 316/L available in welded or seamless construction as specified at the time of order.

The threads of these siphons are manufactured in accordance with the ASME B1.20.1 standard. In addition, we certify that Capitol Manufacturing brand stainless steel siphons are manufactured and inspected in the United States of America.

These products are produced in accordance with the Capitol Manufacturing ISO 9001:2008 Certified Quality System Program. These products are inspected by independent quality control personnel conforming to the requirements of EN 10204 Section 3.1B. These products were not exposed to mercury or any other metal alloy that is liquid at ambient temperatures during processing or while in our possession.
